FIVE CANDIDATES FILE FOR POSITIONS ON CITY COUNCIL

Five candidates for election to the city council had filed petitions for candidacy, and no more were expected this morning as deadline for filing drew near.

A glance at the list of candidates predicted a close and much speculated race, repetitious of custom in Daly City. Two men are filing candidacy for re-election to the council, while three are seeking a first term.

Other elective offices, those of city clerk and city treasurer, are sought by B. C. Ross and Paul G. Selmi, respectively. Ross has held the post of clerk for more than two score years, while Selmi is running for the first time. If elected he will succeed Mrs. Florence Stockton, another long-time office-holder.

Candidates for the two vacant council seats are:

Fred Bertetta, distributor for the Rio Grande Oil Company; clerk of the local school board; fire department captain, and secretary-treasurer of the fire department's Widows and Orphans Association.

Ed Mooney, building engineer for the San Francisco Stock Exchange and political novice.

Julius Castelan, civil engineer, former city engineer for Daly City, and chairman of the San Mateo County Democratic Central Committee.

Edward Dennis, president of the Milk Wagon Drivers' Union in San Francisco and San Mateo Counties; four years a councilman, and chairman of the street utilities and police committees.

Dan Dolan, building contractor; former member of the civil service board of review; city council incumbent, and chairman of the fire department committee.

New Mode O' Day Store Opens Here This Saturday

Another evidence of the constant growth of Daly City is seen in the new Mode O' Day store now being completed at 6428 Mission street.

The new establishment, to be owned and managed by Mrs. Marjorie R. Thodas of San Francisco, will specialize in inexpensive ready-to-wear garments in the Mode O' Day line.

Its stock will include house frocks, street wear, hosiery, lingerie and blouses. The grand opening is set for this Saturday.

Mrs. Thodas' store has exclusive franchise to handle Mode O' Day stock in this vicinity.

Ginsberg Trial Set For Monday In Superior Court

Donald M. Ginsberg, 25, 6843 Mission street, will be held to answer in superior court at Redwood City Monday on a charge of lewd and lascivious conduct with and upon a five-year-old girl.

Ginsberg was arraigned before Municipal Judge William J. Sweeney last Friday. He was released on $1,000 bond bail.

James C. Purcell was attorney for the defendant. Henry Davis of the district attorney's office appeared as prosecutor. Complaint was signed by the girl's father.

Woman Fined On Disturbing Peace, Battery Conviction

Mrs. Audrey Buchanan, San Francisco, was fined $50 and given six months' probation by Judge William J. Sweeney in Municipal Court last Friday, after pleading guilty to two felony counts.

Mrs. Buchanan pleaded guilty to a charge of disturbing the peace, made by Mrs. Nanda Wilson, and to a battery complaint signed by Mrs. Lena Sereni.

Numerous Thefts Reported This Week

Police were plagued this week with numerous reports of thefts —four which allegedly occurred in local auto courts and two elsewhere.

Mary Hynan, resident of an auto court in Colma, told police and sheriff's deputies that her purse and her mother's were stolen Thursday night from their cabin.

The two women reportedly entered the cabin at dinner time, took off their coats and left them in the front room while they prepared dinner, and returned to find the purses gone. Approximately $93 in currency was contained in one of the purses, she said.

Another auto court theft was reported Thursday by Mrs. C. Burns, who said an unknown amount of money was stolen from her purse when she left her cabin for a few minutes, leaving the door open.

Mrs. Agnes Mickerson, who resides in a trailer on local auto court grounds, reported her purse stolen last Wednesday when she left the trailer to go to the showers.

Mrs. Ruth Aloise, 2834 San Jose avenue, told police Monday her purse had been stolen Sunday night when she left it on a table in a local tavern. A wallet containing $40, a wrist watch and a compact were in the purse, she said.

Richard F. Nesbit, 650 Paris street, San Francisco, told police Sunday night that his wallet, containing some $75, was stolen from his car which was parked near Marchbank Park Sunday afternoon. Fingerprints were taken from a small car window which had been forced.

Alleged Reckless Driver Wanted By Sheriff's Office

A reckless driving incident in Colma last weekend led to the apprehension by local police and sheriff's deputies of Carl Mortensen, 126 Garden Lane, Colma, wanted by the sheriff's office on a warrant from Hot Springs, Arkansas.

Mortensen was arrested by Police Officer August Benassini and Sheriff's Deputies Krehl and Lynch on a reckless driving complaint signed by Tex King, mechanic at the Union Oil Station at Junipero Serra boulevard and School street.

Bail was set at $100 cash or $200 bond by Municipal Judge William J. Sweeney, on the reckless driving charge.

Chief Deputy George Moore said this week the sheriff's office was in possession of a warrant from Hot Springs, Arkansas, charging Mortense with obtaining money under false pretenses.

CITY GIVES $50 TO RED CROSS CAMPAIGN

Mayor Melford D. Battye presents the city's check for $50 to Arthur J. Bodien, chairman of the Daly City Red Cross drive. The check was the first contribution in a concentrated two-week campaign to meet the $2,500 quota for this year.

APPLICATION FORMS FOR MAY DAY PARADE ARE NOW AVAILABLE

Application forms for participation in the May Day Festival parade and program are now available, according to Elman Rose, recreation director and festival chairman.

The applications, he said, must be returned by April 1, to allow for placement at the parade and program committee meeting April 6. Applications may be had by calling Rose at JUniper 4-8898.

Tentative plans for the city-wide event were furthered Tuesday night at a city hall meeting attended by approximately 20 organization representatives, including Melford D. Battye, chairman of the recreation commission.

Organizations who thus far have signified their positive intention to participate were grouped into divisions in the parade. A plan for placement in the program is pending further study as well as additional entries.

The tentative parade plan:

Daly City Band, official car of the city, queen's float, Fire Department, Girl Scouts, Boy Scouts and Parent Teacher Associations, in the first division, followed by the Sheriff's Posse, El Camino Riding Club, Rod and Gun Club, Native Daughters, Druids, American Legion, American Legion Auxiliary, and Eagles.

Program entries thus far:

Daly City Dancing School, Girl Scouts, Boy Scouts and Sea Scouts, Native Daughters Drum Corps, Daly City Band, P.T.A. Mothersingers, Sheriff's Posse and National Institute of Music.

The May Queen, who will be chosen from among six to eight year old candidates from the five local elementary schools, will be featured in a coronation conducted by the Daly City Dance School. She will be rehearsed for the ceremony during the week preceding the festival.

Additional entries are wanted, Rose said, in marching units, drill teams, floats, bands, orchestras, drum corps and other parade units, as well as choruses and dance groups for the program.

Working chairmen on the festival committee include George Wheeler, parade; Bunny Carroll, program; Edward Dennis, police and health protection; Lion's Club, parade and program prizes; Ann Eason, concessions; Nell Dorrance, queen committee, and Elman Rose, publicity.

Organizations represented at Tuesday night's meeting were the Eagles, Lions, American Legion Auxiliary, Veterans of Foreign Wars, V.F.W. Auxiliary, Rod and Gun Club, Women's Civic Club, P. T. A. Mothersingers, Italian-American Citizens' Club, San Mateo County Sheriff's Posse, Girl Scouts, Boy Scouts, all P.T.A. units, O.L.P.H. Mothers' Club, and Jefferson Union School District.

News of the declaration of the independence by Eastern colonies did not reach California for nearly a year.

The observation gallery in Coit Tower, atop San Francisco's Telegraph Hill, is 425 feet above sea level.

Girl Scout Leader Train. Courses Offered

Orientation courses for men in Girl Scouting and outdoor activity courses for Scout workers are scheduled for the next six weeks in the Scout House at San Bruno.

Mrs. Ethel Proschold, training chairman for Daly City, Colma and Brisbane yesterday released these dates:

Orientation course for men, 7:30 - 9 p. m. Tuesday, March 9.

Outdoor activity course (outdoor activities, crafts and other related subjects), March 4, 11, 18, 25; April 1, 8, from 9:30 - 11:30 a. m. March 18 and April 1 sessions will be extended to 2 p. m.

Recreation Dept. Folk Dance Classes Begin Saturday

A total of 60 girls from Woodrow Wilson and Jefferson Elementary Schools have signed up so far for folk-dancing classes to be sponsored by the Daly City Recreation Department at Jefferson High School.

Classes are to be held at 10 a. m., 11 a. m. and 2 p. m. Saturdays in Room A of the high school gymnasium, beginning this week. Miss Kathleen Schreiber, chief instructress, will be assisted by Mrs. Elizabeth Kabeary and Miss Beverly Clement.

Girls from all elementary schools, including Our Lady of Perpetual Help School, are invited to enroll. Registration may be made with Miss Schreiber during classes.

Frank Rehe Makes Forced Landing In Nat'l Cemetery

A severe case of rubber knees was the only result of a very close call experienced last Sunday by Frank Rehe, jr., local service station attendant and flying enthusiast.

Rehe escaped without injury when he was forced to make an emergency landing in Golden Gate National Cemetery at San Bruno. The implications were frightening.

Rehe was circling Colma at 2,500 feet when the engine in his rented plane conked out. Gliding over San Bruno, he negotiated a dead engine landing on the cemetery field near Sneath Lane.

The plane, registered to the Belmont Airport, was the same two-seater Aeronca which landed in Hillsborough last week with a broken oil line. It was not damaged in Sunday's landing.

Rehe, who has had six months' solo flying experience, is co-owner of the "Flying Tiger," a private plane, with his father.

RED CROSS Less Than $100 In First Week

Arthur J. Bodien, chairman of the Daly City Red Cross drive, said today he hopes the drive's slow start will not be significant of its outcome.

A total of less than $100 toward the city's $2,500 quota had been raised so far, according to Bodien, who said solicitors will have to speed up their activities if the city is to come anywhere near its goal.

At the general Red Cross meeting last Friday night, which drew considerably smaller attendance than was expected, an outline of the drive was mapped.

Red Cross women in uniform have solicited at the Bank of America all this week, and will be stationed in the city hall next Thursday, Friday and Saturday, and Monday, March 15.

House-to-house soliciting was abandoned in favor of store-to-store canvassing, to be performed by businessmen on the committee. Automobile dealers will recruit automobile dealer members; butchers will solicit from butchers, etc. General canvassing will be done by Parent Teacher Association representatives.

Bodien said Daly City will fail again this year in its Red Cross drive, unless all solicitors put out their best efforts, and contributors dig deeper into their pockets.

15 Pay Fines In Traffic Court

The number of drivers cited for traffic violations in Daly City last week was indicative of a decline in carelessness on the part of local drivers.

Most often perpetrated violations were driving through signals and arterial stop signs, and incorrect parking. These persons were fined:

Kenneth Bott, Salvadore Charcho, William D. Doran, Bonnie Francisco, Vernon M. Garland, A. H. Geer, Emilo Guasti, A. Long, Evar Roseberg, Jacob Vasquez, Frank J. Williams and Melville Wood.

These drivers were cited for speeding:

Edmund G. Aldridge, Daniel Henry and Donald L. Meehan.

Pack 36 Cubs Tour Buildings At Mills Field

On Sunday afternoon, February 29, the Cubs of Pack 36 were conducted through the buildings of the United Air Lines at Mills Field, where the guide explained the working parts and schedules of the "Main Liner."

The tour ended in the cafeteria where the boys and their parents were treated to refreshments. The boys of Den 16 who attended were Don Williams, Carl White, Bert White, Robert Pool, Richard Emerson, Dick Hopman and Dick Hiett.

The next meeting of Den 16 will be held Friday afternoon at 27 Gambetta street.

DALY CITY TO JOIN IN ST. PATRICK PARADE SUNDAY, MARCH 14

With an invitation from George R. Reilly, chairman of the United Irish Society and St. Patrick's Day parade chairman, Mayor Melford Battye appointed Edward Allen chairman of the Daly City contingent at the parade.

The parade, an annual affair, will be held Sunday, March 14, in San Francisco. Leaving the Ferry Building at 2 p. m., it will be routed along Market street to Fulton street, thence to the Civic Center.

Chairman Allen will be assisted by those fellow committeemen: Peter J. Markovich, Dan E. Dolan, Edward J. Dennis, Ted Hopman, Elton McGraw and William Degliantoni.

Allen stated today that Daly City has an excellent spot in the parade. A motorcycle escort of the Daly City Police Department will be followed by the city officials in a gaily decorated convertible automobile. The Daly City Band, led by George Brenner, will be next in line, closely followed by a float which will depict Daly City as the "Gateway to the Peninsula." On the float will ride two high school flower girls who will toss flowers to the public. Six expert horsemen will sit astride the finest of show horses, whose silver saddles will be decorated in accordance with the St. Patrick's Day theme. The Daly City Fire Department also will be represented.

This St. Patrick's Day parade will find all of California represented. Among the various dignitaries who will be in the parade will be E. DeValera, former president of the Irish Free State, Mayor William O'Dwyer of New York City, and California's Governor Earl Warren.

GOLF
Bob Sylvestri Is Favorite In S.F. Amateur Tourney

Predictions that the San Francisco Amateur Golf Championship will come to Daly City this year are city-wide among celebrated sports figures in San Francisco.

The task will lie with Bob Sylvestri, who twice brought the title within a few points of home. Last year Sylvestri lost by a microscopic margin to Jim Molinari, while in 1946 Ed Castagnetto copped the cup.

Sylvestri is favorite choice of all golf writers.

Other local men who will figure in the race are Arthur Linhares, local police officer; and Pete Markovich, insurance broker.

Linhares, considered one of the longest hitters in all golfdom, is recognized as one of the more capable sluggers. In last Sunday's match, he out-putted Don Whitt, four and three. This Sunday he challenges Martin Stanovich, a former Daly City man and unpredictable golfer, who has shown well in former matches.

Sports writers predict a featured match here.

Pete Markovich, who defeated Sylvio DeLuca one up last Sunday, challenges Charles Eagle this week. Markovich, a semi-finalist in the Northern California tourney in 1942, was captain of St. Mary's golf team in his studious years.

Experts say his chances are good.

Einar Hanson and Pete Oyhancabal, other locals who played in last Sunday's contests, disqualified by minute scores. Each was defeated one up.

Karl's Shoe Store Opens Saturday

A new shoe store — one of a state-wide chain — is scheduled to open Saturday in a new building at 6422 Mission street.

Karl's Shoe Store will feature low-priced, custom-built shoes in all sizes, from children's shoes to grandparents'.

A large stock of shoes will be displayed at the opening, according to the management, and will be constantly enlarged.

The store is preparing to feature spring and Easter fashions at the outset, as well as the latest selection in novelty footwear.

Fishing Holiday For Rod, Gun Club; Score: 11 Men, 5 Fish

Fishermen at times show no more restraint than the ever unwary fish who'll nibble at a pretty piece of bait regardless of the consequences.

Take, for example, the 11 fishing enthusiasts of the Rod and Gun Club who spent three days last week end battling cold, rainy weather on the river — to return with only five steelhead. Louis Bianchini was the lucky one, catching three eight-pounders. Paul De Natale and Tom Carroll each baited a smaller one.

And these same 11 fishermen plan to make the trip — no less — an annual affair.

Jimmy Fox, a game if unsuccessful fish-snitcher, says the trip is worthwhile if only for the Navaro Hotel's wonderful menu and host Danni Pardini's excellent hospitality.

Oh, well — every man to his own taste!

High School Board, General Meetings Set

The executive board meeting of Jefferson Union High School P.T.A. will be held at the home of Mrs. Julia Peterson, 23 Woodrow street, at noon Thursday, March 4. Mrs. Stella Filarski and Mrs. Carol Freeland will be co-hostesses.

The regular March meeting will be held at 1:30 p. m. March 11 in the little theatre at the high school.

BOXING FINALS ARE SLATED FRIDAY AT JEFFERSON HIGH GYM

Fifteen boxing bouts, featuring fighters in all weight divisions, drew a crowd of some 1,400 spectators to the Jefferson High School gymnasium last night for the semi-finals of the Block "J" Society's benefit boxing tournament.

Refereed by Fred Apostoli, former west-coast title holder, and Joseph McGrath, Jeff boxing instructor, thirty young sluggers took their turns at the gloves to display what Coach Glenn South called "a good example of the benefits of boxing instruction."

Two outstanding bouts were the Leo Lemon - Bob Gallagher fight, which saw Lemon defeated by a technical knockout in the third round, and the Leroy Davis - Angelo Gianni match in the 160-175 pound division, which went to Gianni by a TKO in the third.

Only literal knockout of the evening was in the 150-159 pound class, when husky Henry Hermansen defeated Jack Yarborough in the first round.

Other results:

Charles Goodnol d. Joe Gonzalez; Don Kurtz d. Dick Tooke; Jack Zugar TKO Blowers in 3; Bill Lyman d. Joe Vasquez; Jeff Shackelford d. Joe Mahan; Bill Fuller TKO Gene Daneluz in 2; Buster Sheriff d. Ray Lagomarsino; Clarence Hubrig TKO Ed Cyr in 2; Norman Brown d. Leonard Cossitt; Carlos Villalobos d. DeWayne Curtner; Gene Cross TKO Roy Umland in 2, and Frank Druhan TKO Paul Willbanks in 3.

Matches in the finals tomorrow night:

Charles Goodnol vs. Bob Foggelman, under 99; Don Kurtz vs. Jack Zugar, 100-109; Bill Lyman vs. Larry Pander, 110-119; Bob Gallagher vs. Jeff Shackelford, 120-126; Bill Fuller vs. Buster Sheriff, 127-139; Clarence Hubrig vs. Norman Brown, 140-149; Henry Hermansen vs. Carlos Villalobos, 150-159; Gene Cross vs. Angelo Gianni, 160-175, and George DeSalvatore vs. Frank Druhan, heavyweight.

Victor Binsacca, Howard Miguel and John Mongan are judges for the tourney, while Coach Elman Rose calls time. Clarence Lair and Joseph McGrath work as assistants. Rico Ottonello, president of Block "J," is announcer.

Frankie Brown, well-known boxing official, will referee the finals tomorrow night. Dr. J. L. Doyle is in attendance at all bouts.

St. Vincent de Paul Thrift Shop Moves

Announcement was made this week of the new location of the St. Vincent de Paul Thrift Shop, which was formerly located at 6714 Mission street.

The shop has moved to 6740 Mission street, and will continue to deal in discarded articles of clothing, furniture, etc. Proceeds go toward St. Vincent de Paul charities.

Motorists Knock Over Warning Signs

Edward J. Dennis, chairman of the street utilities committee, this week warned motorists of the penalties involved in damaging city property.

Dennis said reports had come to him of warning signs being knocked over and broken at Acton and Hanover streets, by negligent drivers. Traffic citations may be issued for such an offense, he said.

Announcement also was made of a number of school warnings erected in the vicinities of Market street, Alemany boulevard, Hill street and Werner avenue, by the police department.

Five Boys Caught In Stolen Car

Five boys, ranging in age from 15-20 years, were apprehended by Police Officers Arthur Linhares and Charles Munday last Thursday while riding in a stolen car.

The car had been reported stolen earlier in the week in San Francisco, and was said to have been seen in the vicinity of Daly City. The vehicle was returned to its owner, and the boys turned over to juvenile authorities at San Francisco.

Mrs. Abe Gensel Elected Prexy Of Pershing P.T.A.

Mrs. Abe Gensel was elected to the presidency of the Pershing Parent Teacher Association Tuesday at an afternoon meeting in the schoolhouse.

One of the outstanding assemblies of the term, the meeting featured three attractions — election of new officers, an address by Mayor Melford Battye, and an outline of scout work and organization by John C. Wells, new district scout executive.

The nominating committee's report, ratified by popular acclaim, was delivered by Mrs. Louise Eliasen, chairman. The officers elected:

Mrs. Gensel, president; Miss Winifred McGrath, honorary vice-president; Mrs. George Freeland, vice-president; Mrs. E. K. Whinnen, treasurer; Mrs. Steve Holcomb, corresponding secretary; Mrs. Jack Caine, recording secretary; Mrs. Evelyn Gross, financial secretary; Mrs. Al Rosenberg, historian; Mrs. Lillian Bloom, auditor, and Mrs. M. E. Nensteil, parliamentarian.

Officers will be installed May 4 at a luncheon meeting. Admission price for the event will be 50 cents.

Success of the February 27 whist party sponsored jointly with other units of the district was reported by the committee in charge. Proceeds from the affair were used for the purchase of Mothersinger robes.

Plans were made for an Easter party for the children and for a hot-dog booth at the forthcoming May Day Festival. The monthly whist parties were discontinued. A donation was allocated to the Crippled Children's Society of San Mateo County.

Mrs. Marge Calvin, membership chairman, requested prompt payment of 50-cent yearly dues. Total membership in the Pershing unit now numbers 164, according to Mrs. Calvin.

Barbara Jensen, Norman Cady Win Swimming Honors

Two local swimming stars brought acquatic honors to Daly City last week in the Call-Bulletin's annual swimming meet in San Francisco.

Barbara Jensen, who broke the record to win the junior national backstroke championship in Los Angeles last fall, came within 2/10 seconds of the national record set by Lorraine Fisher at New York in 1940.

Barbara broke her own 1:54.8 record with 1:54.6 in the 150-yard individual medley — just 2/10 seconds behind the all-time American record. She also won high point trophy for women.

The youthful athlete hopes to make the American Olympic team through tryouts in Detroit this July.

Norman Cady, young entry of Crocker Elementary School, placed first in the 25-yard free style swim. Norman took first place medal for his 14.8 seconds win.

Troop 2 Girl Scouts Have New Co-Leader

Mrs. Cripps, new co-leader of Girl Scout Troop No. 2, was welcomed into the group February 26 at an after-school meeting.

Mrs. Cripps will replace Mrs. Olson, who is resigning as leader.

After routine business was concluded, the girls reviewed their scouting experiences and spent a social hour dancing to folk music from a phonograph.

ARMY'S WINTER TRAINING IN ALASKA—Soldiers of the 9th Infantry Regiment, Second Division, trudge through the snow during Army Ground Forces exercise Yukon based in the wilderness of Alaska. This is one of the maneuvers in which the Army is acclimating its troops to winter conditions.

THE STEEL HIKE

The $5-a-ton boost in steel prices seems to have been perfectly timed — for the worst possible affect on business in general and on the public. The steel industry can blame no one but itself for the Government investigation that it now faces. The trouble is that the whole American free enterprise system suffers to a degree because of the unfavorable publicity brought about by the untimely steel price increase. Congressmen from both major parties point out that the price boost is practically an invitation to the Government to impose controls on the industry. If controls are imposed on steel they may be imposed on other industries also, thus extending Government bureaucracy. The steel investigation seems certain to be a very thorough one due to the resentment aroused both among the lawmakers and the public. Neither group will take the price hike lying down. Nor should they.

CINDERELLA STUFF

Columnist Billy Rose expresses the belief that the marriage of multimillionaire Winston Rockefeller to a "poor-but-honest" young lady a few weeks ago will do much to stimulate volume of sales and daydreams. According to Billy, the success of one girl in landing a man of Mr. Rockefeller's means raises the hopes of the other millions of girls who work and dream hard. Being so encouraged, says Mr. Rose who, by the way, is no pauper himself, the young ladies of America can be expected to run, not walk, to the nearest beauty parlor for a facial overhaul and a new hair-do. After that they'll invade the smart shops for the latest clothes and a fresh supply of perfume (so the millionaire can pick up the scent) and all the other equipment that has proven valuable in man-trapping. If Mr. Rose is right, some of the girls will need a millionaire husband to pay the bill.

MARCH 15TH

This is just to warn you that March 15th is approaching at a rate of speed possible only to March 15th.

Before midnight on that date you must file, or have in the mail, your final income tax report for 1947 together with any payment found to be due in your final calculations. This report must be made by all persons who earned $500 or more last year in wages or salary or $100 or more from other sources.

At the same time, if you expect to earn $5,000 in 1948 above the $500 exemption for each dependent, or if you expect to receive more than $100 from sources other than wages or salary, you must file a Declaration of Estimated Tax. In this case you also pay the first quarterly installment on the anticipated 1948 income.

Better get busy now. Time flies.

DAYLIGHT SAVING

Few of us ever dreamed that California, the stronghold of the anti-daylight saving contingent, would ever go for clock juggling on its own. But after weeks and weeks of dismally clear and sunny weather just about every group that would ordinarily oppose time tampering is now for it.

This is especially the case in Central and Northern California where the power shortage has become acute.

Until the present time, rain to most people was just something that made for slippery streets and muddy backyards. But with clocks running slow, farm and industrial power being curtailed, and street lights and theatre marquees getting "browned" we now realize that rain is vital to everyone, not just to farmers alone.

The establishment of daylight saving during the emergency will help to save the precious kilowatts. Action by the State Legislature to bring this about should be, and undoubtedly will be, taken.

REPEATING OUR MISTAKE

It has been said that it isn't so bad to make a mistake, but the important thing is not to make it again.

The American people ought to ponder that thought. They made a serious mistake following World War I and they are repeating it now. The United States came out of that war a dominant sea power. But public indifference toward new ship construction, which was essential to maintain that position, permitted the American flag to almost disappear from the sea. When Pearl Harbor came we were woefully short of vessels and had to build frantically to catch up.

Two years ago at the close of World War II, we were once again a great maritime power—in fact, the greatest the world has ever known. But once again the public is indifferent to new ship construction and our advantage on the sea is rapidly being lost.

Actually, we're not only repeating our mistake but this time we're compounding it. In this modern day air strength as well as sea power is essential to the protection and progress of our nation. Yet, we are allowing our aircraft industry, along with our shipbuilding industry, to virtually dry up for lack of new contracts.

It is estimated that we need 5,000 new military planes a year to keep up with the latest developments and maintain an adequate air force. We're not producing one-third that number—less than in early 1939.

As for ships, before Pearl Harbor we had 127 passenger-carrying vessels with a capacity of 38,367 persons. Today we have 36 ships with a capacity of 8,333 persons.

How long are we going to sit and do nothing? Twice we have been caught unprepared for war. Twice we got through by luck and the help of allies. The next time we may have neither.

SPORTS

By Ralph Capps

Last of the Undefeated Beaten In Jeff Basketball League

The Alex Johnson Roofing Company's win streak came to an abrupt halt Tuesday night as they were soundly thumped by the razzie-dazzle of the Sportsmen. The hard fighting Sportsmen tanked hook shots, drive-in-layups, long shots, and just about every shot imaginable; plus some even beyond the imagination. Feeling the absence of star guard Ted Prescott, the Roofers agreed, that even Ted couldn't have stopped the "hot" Sportsmen. They were all sinking unbelieveable shots to put together 36 points while their great defense held the Roofers to only 19. The previously undefeated Roofing Company was helpless on offense, and their usually tight defense was riddled. Hurley's 10 points were high for the Sportsmen, while Pat Johnson led the Roofers with 5.

The San Bruno Lions gave the Colma Boys Club a scare, but finally dropped the game by a 29-25 score. The usually high scoring Boys' club five was definitely "off," but the Lions deserve credit for a surprisingly good game. The Boys' Club Bob Savelly lead the scoring as usual, with 8 points.

The first overtime game of the league was played last Thursday, between Visitacion Valley Community Center and the Warehousemen's Union. Visitacion finally copped the win 29-27 in a three-minute overtime. Kirk of Visitacion Valley and Headman of the Warehousemen tied for high point honors, with 7 points each.

On the same night the Eagles rampled the San Bruno A.C. 41-18. Lead by Andy Parodi and Don Welsh (10 points each) the Eagles steadily increased their lead until the final horn. The Eagles are a team feared and respected by all in the league. Had it not been for two close losses the Eagles would be right up there with the leaders.

Here is the future as it looks for the four leading teams:

Alex Johnson Roofing Co.: Still have two tough games in the Union Liquor and the Eagles encounters, but have a good chance of entering the probable play-offs.

Colma Boys Club: Also have to face Union Liquor and the Eagles. They have the ability to win both games, and probably will.

Sportsmen: Have already played the best in the league, and should have no trouble winning their remaining four games, thus at least tying for first place.

Union Liquors: Have the toughest remaining schedule. They have yet to play the Roofers, Colma Boys Club, and Eagles.

The Sportsmen's defeat of the Johnson Roofers throws a thrilling light on the race for final leadership. The Roofers still hold the lead with an extra win, having played one more game than the three teams tied for second place. This league promises to be a close race to the finish, as there are many good games left in the remaining six weeks of play.

League standings:

Alex Johnson Roofing	5	1	10
Colma Boys Club	4	1	8
Sportsmen	4	1	8
Union Liquor	4	1	8
Eagles	3	2	6
San Bruno A.C.	2	3	4
Visitacion Val. A.C.	2	4	4
San Bruno Lions	1	4	2
Warehousemen	1	5	2
Army Hilltoppers	0	4	0

Electric Heaters

The sale of electric water heaters in American homes has passed the first million, a recent survey reveals. The number of dwellings with electric water heaters has risen from approximately 35,000 in 1925 to the survey figure of 1,149,000 which covered sales up to the end of 1945.

Detergents Clean Well

In washing all-wool white blankets, detergents proved better than soap. Blankets were laundered in both hard and soft water by hand and machine. Blankets made of 75 per cent wool and 25 per cent cotton washed cleaner with soap.

Mending Holes

In mending a small hole or tear, ravel yarns from a straight inside seam, because repairs with self-thread are most nearly invisible.

Primrose Wine

Primroses are so numerous in England they are used to make a wine similar to dandelion wine.

CRIPPLED HANDS BUILD SAND CASTLES

Building castles in the sand with crippled hands is the story of this little girl. You can make her future bright by the purchase of Easter Seals.

Dog Comfort

In summer, when foxtail and prickly burs are so troublesome to dogs, rub a little vaseline into the dog's outer ears. The burs stick to the vaseline and do not get imbedded in the hair or work into the ear.

Washing Walls

Washing the extra dirty walls will be half the work if you use two pots of suds, two cloths—one for the worst film, one for the second going over.

Blossoms Last

The pinkish blossoms of the Pee Gee Hydrangea remains on the shrub all winter. If picked while in rich pink color, they make a fine decoration for the living-room.

Ed McDonald Is Finance Chairman Of Cancer Society

Edward R. McDonald of Burlingame, county supervisor of San Mateo and civic leader, has accepted the office of finance chairman of the San Mateo County Branch of the American Cancer Society, Mrs. Ralph J. Tucker, county commander, announced today.

In his new post, McDonald will head the society's annual April campaign for funds in San Mateo county.

"In accepting the chairmanship I deeply appreciate the opportunity afforded me to assist our community in its effort to carry on its fight against cancer," McDonald said today.

A former mayor of Burlingame, McDonald also served on the city council for six years, until 1942. Previously, during 1935-36, he served on the San Mateo County Grand Jury. He has been a member of the County Board of Supervisors since 1941 and was chairman of the board in 1945 and 1946.

During the war McDonald was chairman of the Three-Cities War Council and vice-chairman of the San Mateo County War Council. He is a past president of the Burlingame Rotary Club and charter president of El Camino Parlor, Native Sons

New Arrivals

To the wife of Roger L. Gerbi, 1072 Brunswick street, February 17, a daughter.

To the wife of Harley P. Hooker, 26 Muirwood drive, February 19, a son.

To the wife of David A. Cafferata, 44 Gambetta street, January 25, a son.

To the wife of William G. Simon, Colma, February 20, a son.

To the wife of Anthony H. Galli, 167 Miriam street, February 25, a son.

To the wife of Louis L. Girard, 564 Bellevue avenue, February 20, a son.

To the wife of Leo P. Maguire, 66 Farallones street, February 24, a son.

To the wife of Patrick J. Murphy, Colma, February 21, a daughter.

To the wife of James O'Halloran, 450 North Parkview, February 22, a son.

To the wife of Edward D. Martin, 174 Santa Barbara street, February 19, a son.

Cinderella's Slipper

Cinderella did not lose a glass slipper. A mistake was made in translating the story from Perrault's French version, in which Cinderella dropped a fur slipper on the palace stairs.

Unfit for Duty

Over 40 per cent of the nation's selectees were found unfit for military duty. Of these at least one-sixth had remediable defects. Many more of the defects were preventable.

Spray Early

Spraying to protect your garden should begin before insect or fungus damage is apparent.

Vic Fenstermaker Funeral Today

July Victor Fenstermaker, 65, long-time resident of Daly City and retired city employe, died at Junipero Serra Hospital Monday night after a heart attack.

A native of Eureka, Nevada, Fenstermaker was employed as driver for the Daly City street department for 12 years, retiring in 1941. He was owner of a silver mine at Silver City, Nevada.

The deceased, who was affiliated with the local Eagles aerie and the Veteran Firemen's Association, is survived by his widow, Carrie.

Services were held this morning from the chapel of Halsted's Mortuary. Mass was said at Our Lady of Perpetual Help Church, followed by interment in Holy Cross Cemetery.

Closet Walls

Dark closet walls can be robbed of their drabness with a can of paint. Colors used in the closet should harmonize with the color notes of the bedroom, whether the bedroom is painted or papered.

Mortgage Laws

A survey showed that state mortgage laws before the war varied greatly. In Virginia, Texas or Georgia it took only a few days to foreclose. In Illinois, however, foreclosure proceedings averaged over 18 months, and in Alabama more than two years.

FACTS ABOUT POWER CURTAILMENT

A STATEMENT BY P. G. AND E.

California, particularly in the central and southern areas served by the Company, is faced with a drought of unprecedented proportions. In the Bakersfield area, for example, rainfall this season has been less than 20 per cent of normal. Most of this season's scant precipitation in the watersheds of California came last fall and what remains in the mountains in the form of snow is only about half of what it was in 1931, the driest year of record.

The drought has had the double effect of drastically reducing the amount of water power available and at the same time creating a large and completely unprecedented irrigation pumping demand. It is estimated that this pumping demand exceeds normal by at least 250,000 horsepower. This is equivalent to the combined power demand of the cities of Sacramento, Stockton, Fresno, Merced, San Jose and Berkeley.

Power Saved Is Water Saved

In order to conserve water, we ran our steam electric generating plants at full capacity all last year. By doing this we were able to effect a carry-over of about 50 per cent of our storage capacity—well over the normal carry-over. Unseasonable pumping demands have made heavy inroads on that storage, and power curtailment has become necessary to prevent further depletion of stored water.

The City of San Francisco and other electric producing agencies face similarly severe drought problems. The City of San Francisco already has found it necessary to reduce its power output to conserve water.

War Delays Expansion

This winter's drought occurs at a time when the Company's power reserves are at a minimum. Wartime restrictions on construction, shortages of materials and the prolonged postwar strikes greatly delayed the delivery of new generating equipment.

When the war started, the Company had on order two large steam electric generators which were to commence operation in 1944. Work on these generators was stopped in 1941 for the duration of the war by order of the War Production Board. Promptly after wartime restrictions were ended the Company restored the orders for these war-delayed generators and followed this with orders for a number of additional hydro and steam electric plants.

New Generating Plants Due

We have just received the first steam electric generator reordered in 1945. This new 100,000-horsepower unit is now being installed in our Kern plant near Bakersfield. We expect to place it in operation in April. We will also add 125,000 horsepower in the new Electra and West Point plants on the Mokelumne River this year, and 300,000 additional horsepower at Station "P" in San Francisco. In all, 525,000 horsepower of new generating capacity will be installed in the next twelve months on the P. G. and E. System.

Delay experienced by the Bureau of Reclamation in installing the first two additional generators at Shasta Dam has further aggravated the situation. These units of 100,000 horsepower each were installed during the war at Grand Coulee Dam. In early 1946 they were moved to Shasta Dam. They were scheduled to commence operation in the summer of 1947 before any other new plants could be constructed in the area in the postwar period. This schedule was not met. The first of these generators is only now about ready for operation and the second is expected to be ready in three months.

Construction Program

The Company has had underway for over two years a huge construction program to bring 1,400,000 horsepower of new generating capacity to the area. We are doing everything possible to speed that program. In 1945, the last war year, we spent $22,526,000 on new construction. In 1946 we spent $45,000,000. In 1947 we spent over $160,036,000. At the present time our construction expenditures exceed 10 million dollars a month.

During the next 12 months alone our construction plus the additions at Shasta will aggregate more than 725,000 new horsepower.

Hope for Rain Diminishes

The power situation will remain critical until these additions are completed unless relief comes through a protracted period of heavy rainfall in the valleys and a deep snowpack in the mountains. Hope for such relief diminishes each day. The drought emergency and the public interest require the fullest cooperation with the power curtailment orders of the California Public Utilities Commission. Moderate curtailment now may well forestall more drastic curtailment later.

Power producing agencies are cooperating in a regional power pool to make the most of available resources. The public can be assured that we have done and will continue to do everything possible to meet the emergency and to keep curtailment at a minimum. The Company is appreciative of the cooperation it is receiving from the public.

Brig. Gen. Zistel | Brig. Gen. Arndt | Brig. Gen. Henninger

Brig. Gen. Burhs | Maj. Gen. Manning | Maj. Gen. Fleming

NATIONAL GUARD GENERALS STARTED CAREERS IN RANKS—From private to general in the National Guard is the record of six more National Guard generals now engaged in the organization of the post-war civilian component of the Army.

They are: Brigadier General Brendan A. Burns, assistant division commander, 42nd Infantry Division, New York; Major General John H. Manning, commanding general 30th Infantry Division, North Carolina and Tennessee; Major General Raymond H. Fleming, commanding general 39th Infantry Division, Louisiana and Arkansas; Brigadier General Errol H. Zistel, commanding general of the 55th Fighter Wing of Ohio; Brigadier General Theodore A. Arndt, Adjutant General of South Dakota, and Brigadier General Guy N. Henninger, Adjutant General of Nebraska.

Improved Grass Variety

Mandan wild rye, an improved variety of native Canada wild rye, is winter hardy, an exceptionally high yielder of seed and forage. Principal grass virtues are its ease of establishment, rapid growth and high seed and forage yield. It is useful on sandy soils where a fast-growing cover crop is needed.

S.M. "Jaysee" Basketball Team Wins Championship

By beating San Francisco City College twice last week San Mateo Junior College won the basketball championship of the "A" division of the Northern California Junior College conference and this week will play the winner of the "B" division to settle the conference title. San Mateo won eleven games and lost one in its drive to the "A" title. Later the Mateans will go to Sacramento to meet the best teams of the Northwest to settle the championship of Northern California and four other states.

Saturday evening the junior college men enjoyed a fine smoker program arranged by the officers of the Associated Men Students. Boxing bouts, sports talks, and sports movies featured the program.

All new coeds at the college will be welcomed by the Associated Women Students at a tea this Friday afternoon, while the regular Freshman reception dance will take place in the evening in the college gym. An orchestra will play for the dancing.

The Women's Athletic Association is busy with coed sports these days, a number of the girls having made a ski trip to the mountains, while others went to Stanford University to play the university women in badminton.

"The Deep Mrs. Sykes," the play presented by the Peninsula Little Theatre of the college evening school, will be repeated this Friday and Saturday in the college auditorium. Community Hall announces that its evening meeting March 15 will have an illustrated lecture on Western Europe as its program. The public is invited to the lecture without charge.

Binding Meat Loaf

Although a thick white sauce is generally preferred for binding together the ingredients of meat loaf, meat patties and similar mixtures eggs may be used successfully for this purpose, provided the meat cooks at medium rather than high temperature.

Battery Container

The army P-80 jet-propelled plane uses a specially developed battery container which weighs only nine pounds. The partitions are molded in, and holes can be machined into the structure.

Bertha Kaufmann

Mrs. Bertha Kaufmann, 67, a short-time resident of Daly City, died February 25 at her home, at 9 Paul street.

The deceased, a native of Christian county, Missouri, had lived in California for about 50 years. Survivors include her husband, William Kaufmann; seven sons, William, Roy, Arthur, Henry, Ernest, Walter and Edward Kaufmann; five daughters, Mrs. Augusta Simon, Mrs. Minnie Bunyan, Mrs. Alma Simonini, Mrs. Bertha Peacock and Mrs. Bernice Santos; 17 grandchildren, and three great-grandchildren.

Funeral services were conducted from the chapel of W. C. Lasswell and Co. mortuary Saturday, with interment in Cypress Lawn Memorial Park.

ADEQUATE LIGHTING

Motorists are advised by National Automobile Club to lessen the hazards of night driving by being sure that their lighting is adequate.

DODGE
Qualities Beyond
All Boundary of Price

The combined qualities in today's Dodge car are far beyond all limits of price, since price will not buy them elsewhere. You get size and weight, power and speed, style and trim, with excellent appointments. But *with and beyond* all these you get a smoothness of performance not known before. This is a big new fact in automobile affairs which belongs to Dodge, and which should also belong to you.

NEWS FROM THE SCHOOLS

WOODROW WILSON

The children of the seventh grade are interested in the development of different types of government. In Greece, which they are studying, they are learning that the Greeks in the year 2,000 B.C. thought they should have something to say about the government. Each tribe had a chief, and there were nobles to help him rule. But when anything important was to be decided, the men of the tribe had a meeting and talked it over.

The students of the high sixth and low seventh are studying the volcanoes of the Hawaiian Islands. Although the volcanic eruptions are spectacular and violent, there is always plenty of time for observers to reach places of safety. These volcanoes of Hawaii have furnished men of science much knowledge of volcanology with the least destruction.

Last Wednesday we drew pictures to illustrate our unit folders. Many fine pictures were drawn. The four best ones were put up on the wall. We will only have two more weeks to improve our grades before our first report cards. Some of us must improve very much or we will get a failing grade.

In our study of South America we have learned which men liberated South America from Spain. Next week we will study about the products of Columbia and Venezuela.

The fifth grade boys and girls are studying about the Indian tribes of the United States. They are going to study "Indian Legends" and draw pictures of the things used by Indians before the white men came to America.

The boys and girls of Room Four are making maps of the world, coloring each continent a different color, and using our large capital case lettering, which we recently learned in an art lesson.

The low fourth has enjoyed several records recently. They listened to the Songs of Safety, Lentil, Country Dances, and Rusty in Orchestraville. They enjoyed the last set very much. The instruments of the orchestra talk and explain themselves while a little boy named Rusty plays them.

The pupils of the high third have learned rubber is grown in parts of Mexico, Central America, and South America. The favorite home of the rubber tree is the valley of the Amazon in Brazil. Rubber trees need a dark rich soil and plenty of rain. Some of the trees grow on plantations; others grow wild in the forests. Rubber gatherers go through the forests and hunt for these trees. When a tree is found the rubber gatherer tops the tree.

The children in the low and high third are now beginning their food books. They will tell the story of various foods with the proper pictures. The children are also drawing pictures about Easter and telling stories about their pictures.

CROCKER

Room 4

Robert Portorian has entered H6 from the Peninsula School, San Mateo.

Room 5

The Crocker Junior Varsity is expecting to receive silver basketball trophies as it has won more than half of the games played this season. The last two games to be played against Woodrow Wilson and Jefferson will determine the championship.

Shirley Filippo motored to Boulder Creek with her family for the week end.

Betty Miller enjoyed a full weekend sight-seeing with her family in Sacramento and later on Donner Summit. The snow was fun, but Betty was glad to be at home again on Sunday evening.

Room 6

Distribution Center

Phoenix, capital of Arizona, is the southwest's principal distribution center. The wide, fertile valley in which it lies is famous for its lettuce, citrus and winter vegetable production.

First Cooking Stoves

The first cooking stoves were marketed in the United States in the 1830s. They were wood burning stoves with built-in ovens and a tank at the end for heating water.

Worshipped Cabbage

Cabbage has been a popular vegetable ever since 2000 B. C. when it was said to have been worshipped by the Egyptians.

Mary Melton has entered L8 from Baltimore, Maryland.

Jack Cochrane, H8, has transferred to Redwood City.

Fred Yeager, H8, has moved to Arkansas.

For music appreciation, the students of Room 6 are studying the Gilbert and Sullivan operetta, "H.M.S. Pinafore."

Inaugural Assembly

Crocker School held its semi-annual "Inaugural Assembly" at recess on February 24. The newly elected Student President Morrow led the pledge to the flag, and introduced the following student body officers, presenting them upon introduction with a copy of the newly adopted school constitution:

Vice-president, Owen Charles; secretary, Adele Hansen; treasurer, Joan Thatcher; school representatives, Helen Cooper, Harold Bradford, Marilyn Colby, Eddie Raffo; sergeant-at-arms, Marion Newcomb, Bob Davis, Betty Marsh, John Benavente.

Included in the school executive staff are representatives from the other rooms of the school. They are: Room 6 — Jean Eliasen and Louis Coropassi; Room 5 — Peggy Lee and Edward Haussler; Room 4 — Marcia Golden and Elis Pizzi; Room 3 — Janet English and Richard Kalinin; Room 2 — Jo Ann Meadows and Robert Bridges.

JEFFERSON

In order to influence a more active interest and participation in athletics, the Jefferson Elementary School District has started an intra-district basketball tournament. The round-robin schedule, in which two teams from each school are playing, will terminate about March first. Winners of the tournament will receive a trophy for their school.

First graders won the "Thrift" pennant this week for having the largest number of bank depositors. "Bank Day" is on Tuesday and 52 per cent of the class added to their bank accounts. The third grade was second with 51 per cent, and the fourth grade came next, with 50 per cent.

In the eighth grade class elections, held this week, the following students were elected: president, Ann Shoots; vice-president, Faustino Quetevis; secretary, Geraldine Ricordo; treasurer, La Verne Chelone.

Kindergarten:

The kindergarteners are learning new songs and poems for spring. They are trying some choral speaking with nursery rhymes and other short poems.

First Grade:

The first grade recently had an interesting lesson in natural science. The class observed a hyacinth plant in bloom. The blossom died, was cut off and a new blossom appeared. An interesting discussion concerning the growth of plants from seeds followed this observation.

High First and Low Second:

The children in room four have been interested in studying a few simple physical science facts. They have been keeping a weather chart on the calendar and were surprised to learn there were so many sunny days last month.

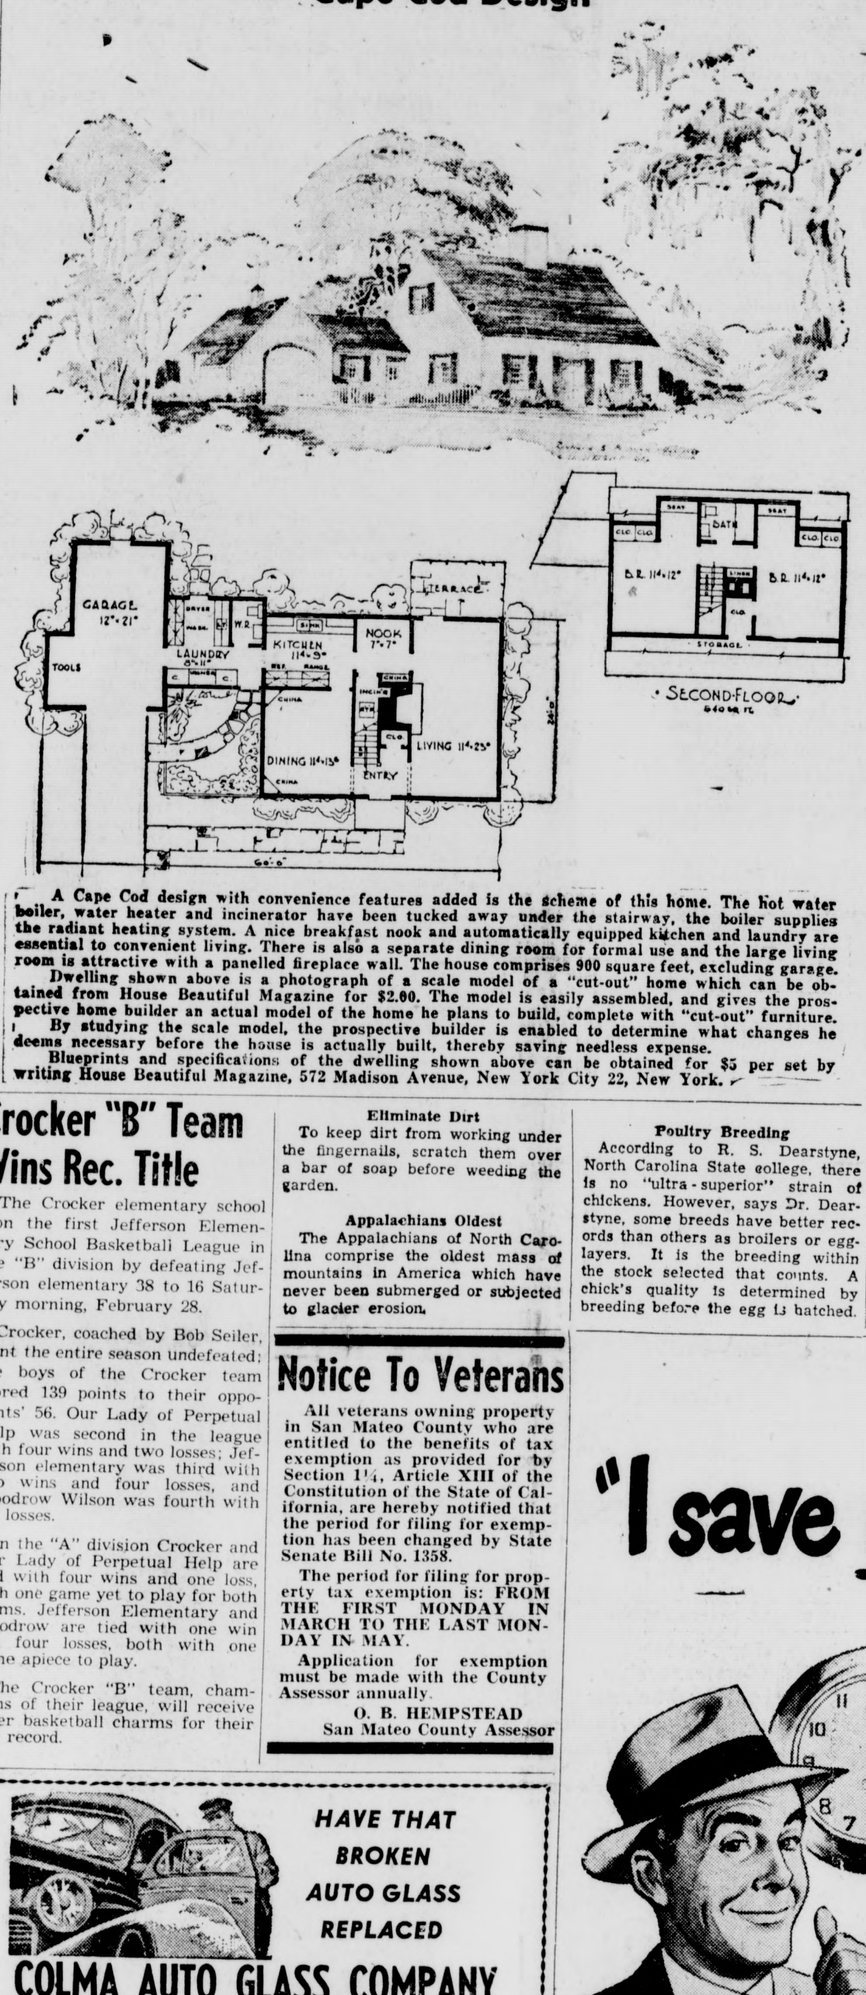

High Second and Low Third:

The students in room six are busy gathering orange crates for the construction of their grocery store. Decorating and constructing committees have been chosen to plan the size and design of the store.

Fourth Grade:

The music appreciation lesson given in the fourth grade last Thursday was greatly enjoyed. Besides listening to the records the pleasure was enhanced by the following members of the class who played the piano: Lowell Kleisner, Ronald Casentini, Edward Dennis and Sondra Stanghellini.

Cape Cod Design

A Cape Cod design with convenience features added is the scheme of this home. The hot water boiler, water heater and incinerator have been tucked away under the stairway, the boiler supplies the radiant heating system. A nice breakfast nook and automatically equipped kitchen and laundry are essential to convenient living. There is also a separate dining room for formal use and the large living room is attractive with a panelled fireplace wall. The house comprises 900 square feet, excluding garage.

Dwelling shown above is a photograph of a scale model of a "cut-out" home which can be obtained from House Beautiful Magazine for $2.00. The model is easily assembled, and gives the prospective home builder an actual model of the home he plans to build, complete with "cut-out" furniture.

By studying the scale model, the prospective builder is enabled to determine what changes he deems necessary before the house is actually built, thereby saving needless expense.

Blueprints and specifications of the dwelling shown above can be obtained for $5 per set by writing House Beautiful Magazine, 572 Madison Avenue, New York City 22, New York.

Crocker "B" Team Wins Rec. Title

The Crocker elementary school won the first Jefferson Elementary School Basketball League in the "B" division by defeating Jefferson elementary 38 to 16 Saturday morning, February 28.

Crocker, coached by Bob Seiler, went the entire season undefeated; the boys of the Crocker team scored 139 points to their opponents' 56. Our Lady of Perpetual Help was second in the league with four wins and two losses; Jefferson elementary was third with two wins and four losses, and Woodrow Wilson was fourth with six losses.

In the "A" division Crocker and Our Lady of Perpetual Help are tied with four wins and one loss, with one game yet to play for both teams. Jefferson Elementary and Woodrow are tied with one win and four losses, both with one game apiece to play.

The Crocker "B" team, champions of their league, will receive silver basketball charms for their fine record.

Eliminate Dirt

To keep dirt from working under the fingernails, scratch them over a bar of soap before weeding the garden.

Appalachians Oldest

The Appalachians of North Carolina comprise the oldest mass of mountains in America which have never been submerged or subjected to glacier erosion.

Notice To Veterans

All veterans owning property in San Mateo County who are entitled to the benefits of tax exemption as provided for by Section 1¼, Article XIII of the Constitution of the State of California, are hereby notified that the period for filing for exemption has been changed by State Senate Bill No. 1358.

The period for filing for property tax exemption is: FROM THE FIRST MONDAY IN MARCH TO THE LAST MONDAY IN MAY.

Application for exemption must be made with the County Assessor annually.

O. B. HEMPSTEAD
San Mateo County Assessor

Poultry Breeding

According to R. S. Dearstyne, North Carolina State college, there is no "ultra-superior" strain of chickens. However, says Dr. Dearstyne, some breeds have better records than others as broilers or egg-layers. It is the breeding within the stock selected that counts. A chick's quality is determined by breeding before the egg is hatched.

Daly City Trips Corbett's Liquors 7-4 At Marchbank

The Daly City Baseball Club turned the tables on Corebtt's Liquors last Sunday by moving up fast in a slow-starting game to overtake them, 7-4, on Marchbank diamond.

The independent contest saw Corbett's ahead by four runs after the third inning, when they were held down by the locals, who came back in the sixth to score seven runs in the sixth, seventh, and eighth.

Batting honors go to Fred Fazzio, who got four for four; Neil Pezzola, with three for three, and Parker Garner, two for three. Frank Cirimeli, on the mound for the locals, allowed only six scattered hits.

Next Sunday the Daly City boys meet the Ralph 622 Club in what promises to be a tough game at March bank. The contest starts at 2 p. m.

Influenced Students

The Institute of Student Opinion Poll found that among 101,500 high school students 33 per cent answered "The family" when asked about the chief influence on youth's thinking. Newspapers and magazines rated second with 17 per cent; close friends — "the gang" — were third; and radio ranked fourth. Other influences, in their respective order, were: community or student opinion; teachers; the church; movies; and schoolbooks. Teachers received the low vote of 5 per cent.

Roof Maintenance Takes Title In "D" Recreation League

Bill Degliantoni's American Roof Maintenance team, a bunch of hustling hoopsters from the movie world, copped the title in the Class "D" San Francisco Recreation League last week by stopping Waxman's Bakery, 35-21, in the second playoff.

Stan Lefcourt, ace Roofer forward, was high man with 13 points, followed by Jimmy Pierson. Others who figured in the win were John Domane, Nick O'Connor, Sid Kevich, Ted Gelber, Bill Bennet and Bill Degliantoni.

Ed Averill coached the victors.

The game was hard fought, with 20 fouls called on the Waxman boys, to nine on the Roofers. Score was 26-7 at half time.

Colma B.C. Nine Scores Win Over 12-Mile House Tean

If first games are any predictio of final standings, the Colma Boy Club may well finish this seas of baseball in as good condition its present basketball temper.

Joe Sarto's flock set the 12-Mi House juniors back on their hee this week with a hard-won 3-2 vi tory in an independent game.

Harold Varni, jr., was battin star for the Colma nine, whi Faustino Questivo, winning pitch er, ran true to his excellent for and struck out 14 batters.

Richard Maschivichio starred bat for the juniors.

CZECHOSLOVAKIA — REPEAT PERFORMANCE

Same play, same plot, same place.

Only the actors are different.

In March 1939, Adolph Hitler played the lead. In March 1948, his role has been taken over by his Russian successor Joseph Stalin. Stalin has long since proved himself most adept in such parts.

The play in Prague is called "Liberation." The Nazis staged their performance nine years ago to liberate the Czechs. Now the Communists have liberated them again—from democratic "bondage."

So, after six years of suffering and slaughter under Hitler's iron heel and three years of uneasy peace under the shadow of the Kremlin the Czechs find themselves back where they were nine years ago. This time tyranny came from the East, instead of from the West. That's the only difference.

The borders are sealed, heavily armed troops patrol the streets, arrests are made by the hundreds. It's an old story. A tragic story. Is this the fruit of victory? Is this what the Czechs fought for?

Ironically, President Benes said in his memoirs, published last November, that he was certain in 1943 when he signed a treaty of alliance and friendship with Russia that the Soviets would respect Czechoslovakia's integrity. But he made this footnote: "Was I mistaken in my expectation and judgement at that time, or not? Only the future can give an answer to this question."

DONE IN OIL

The flip-flop in our stand on Palestine presents a sorry picture of American diplomacy to the world. It not only serves to weaken our own international position, but to undermine the U.N.

IT HAS BEEN SAID . . .

One difference between men and women is that a man's make-up refers to his character.

Cleaning China

Never scour china or pottery. Hard rubbing and cleaning powders may cause the color or gilt to fade and damage the smooth finish.

Life-Saving Stations

The first government life-saving stations, which were just boat houses, were erected along the coast of New Jersey in 1848.

Greek Societies Will Celebrate Independence Day

Celebrating the 147th anniversary of Greek Independence Day, the United Hellenic Societies of San Francisco will give their annual concert and grand ball in the Civic auditorium Sunday evening, March 21, with thousands of leaders and members of Northern California Greek-American societies joining in the function.

Governor Earl Warren of California and Mayor Elmer W. Robinson of San Francisco head the list of dignitaries invited to the event, fittingly marking the anniversary of Greek victory and restoration of their liberty from the Turks.

Heading the United Hellenic Societies' committee for the March 21 event are: President, William Petroa; vice-presidents, Ted Poulos and George Petropoulos; secretary, John Afendros; and treasurer, James Demetriades.

Denis Zabelle, publicity committee chairman, has announced the program will start at eight p. m. sharp, with patriotic addresses and literary-musical features on the stage. The grand ball will follow promptly at ten o'clock, and a variation of Greek and American ballroom dances will via for favor until past the midnight hour.

DRIVE NEW CAR CAREFULLY

It takes extra driving care to avoid marring that new car during the early period of ownership. The records of manufacturers show that most damage is done to fenders , bumpers, and the like, during the period when the new owner is getting the "feel" of the vehicle. Drive it then with special caution until you are sure of allowing proper clearance in the various traffic pinches in which you may find yourself.

ARM SIGNALS

Motorists should make arm signals clearly. The whole arm should be used, not just the hand.

SHOWS NERVOUSNESS

There are drivers fully aware of the evil of riding the clutch who are very careful never to stop at the traffic light with the car in gear, declare officials of National Automobile Club's service department. Yet, while waiting with the gears disengaged, many of these have a nervous habit of depressing the clutch pedal from time to time. The habit, like many others, can be formed with its victim entirely unaware of it.

Ripe Hay

The protein content of hay can be increased as much as 6 to 10 per cent if it is cut at the right time.

BIG TIME IS SLATED BY IRISH SOCIETIES FOR SUNDAY, MARCH 7

A brilliant program of literary, musical and patriotic exercises will feature the annual Robert Emmet Day observance of the United Irish Societies next Sunday afternoon, March 7, in Golden Gate park, Committee Chairman James P. Herlihy has announced.

The exercises will start at 1:30 p. m., with the placing of memorial wreaths at the base of the Robert Emmet statue alongside the Steinhardt aquarium in Golden Gate park at 1:45 p. m. sharp. Uniformed members of the Ulster Girls drill team, the Irish Pipers' young ladies' marching organization, and the Oakland Emerald girls' club, will take part in the ceremonies, with the Irish Pipers' band furnishing the musical accompaniment.

In the band concourse of Golden Gate park, the literary, musical and patriotic program will start at 2 p. m. promptly, with "The Star - Spangled Banner" by the Golden Gate park band, under the leadership of Ralph Murray. Superior Judge Preston Devine, noted jurist and distinguished speaker, will deliver the oration of the day. Also on the speakers' program are Mrs. Mollie Owens Callanan, president of the United Irish Societies, John J. Ferdon, who will recite "Emmet's Speech From the Book," Shawn Judge, in a "Tribute in Gaelic," and Rev. Thomas F. Scahill, chaplain of the United Irish Societies.

Frank Egan, the Irish tenor, will sing a group of Irish-American vocal classics. Seats will be provided in the park band concourse for several thousand spectators, and the general public is cordially invited. M. J. Giles is secretary of the arrangements committee for next Sunday's impressive program honoring the memory of Robert Emmet, the young Irish patriot, who met his death on the scaffold in 1803.

WAY TO SPOIL A TRIP

"Back seat driving is simply one form of bickering, and nothing is less conducive to an enjoyable trip," states Bert Stewart jr., public safety director for National Automobile Club. "It is unpleasant as well as distinctly dangerous at any time, but it is particularly obnoxious on a long trip ostensibly entered upon for pleasure and re-

Prospect for Oil

At least four major oil companies are prospecting for oil on the coast of North Carolina.

News Column For The Veterans

Veterans are not required to pay attorneys or agents for representing them in monetary claims against the Veterans Administration.

Fees for such services are payable only by the Veterans Administration itself and are deducted from the monetary benefit due the veteran at the time the claim is allowed.

Fees are fixed by law at $10 for an original claim and $2 for a claim to obtain increased benefits.

Any agent or attorney who charges, or attempts to charge any veteran for such services is subject to penal provisions of the law in addition to loss of his accreditation.

Federal income tax returns are due March 15. Following are the U.S. Treasury's income tax requirements for veterans:

1. Veterans do not have to include in their 1947 income tax return, any pay for active service below the grade of commissioned officer received during 1947.

2. The first $1,500 received during 1947 for active service as a commissioned officer is also tax exempt.

3. Mustering-out pay is not taxable and need not be reported.

4. Contributions by the government to monthly family allowances, including subsistence allowances for trainees under the G.I. Bill of Public Law 16, are tax free.

5. Pensions and disability compensation to war veterans and their families are also excluded.

6. Disability retirement pay is tax free. However, retirement pay, other than disability retirement, is taxable and must be reported.

7. Interest on adjusted service bonds also goes tax free.

Veterans who want special help in preparing 1947 tax returns may get free assistance from U.S. Internal Revenue experts.

Question: I was wounded in World War II. Is my compensation check subject to seizure by creditors?

Answer: No.

Question: Have I any recourse to civil courts if I do not like the decision of Veterans Administration on my claim for compensation?

Answer: No.

Question: My employer has dismissed me from my job-training position. What can I do so that I can continue to receive subsistence allowance?

Answer: Your training status was terminated and your subsistence allowance ceased when your employer dismissed you. It is now up to you to seek another place of employment with an approved on-the-job training program.

ACCIDENT PREVENTION

Automobile drivers almost invariably slow down, for a time, after observing the results of a bad traffic accident, but the good driver slows down in time to prevent occurance of an accident.

"SCHOOL SLOW" SIGNS

"There is no reason why the motorist should be confused by the word 'slow' in the signs exhorting him to caution in the vicinity of schools and playgrounds," states Bert Stewart jr., public safety director for National Automobile Club. "It does not mean any specific speed in many instances, but rather that the car should be kept under such control that it can be stopped in the assured clear distance ahead. There never will be any accidents as long as this rule is followed by the driver."

Heavy Coal Users

Railroads consumed 22 per cent of the total bituminous coal production in 1945.

Corpus Christi Has New Pastor

The Rev. Joseph Della Torre, new pastor of Corpus Christi Parish, will be introduced to members of the Corpus Christi Mothers' Club March 15 in a meeting at 8:15 p. m.

The group will welcome its new pastor in the church social hall at Alemany boulevard and Frances street. Other women of the congregation have been invited to attend.

CHANGE OF ADDRESS

Motorists are reminded by National Automobile Club that they should notify the Department of Motor Vehicles of any change of address so that the proper corrections might be made on their registration cards and operators' licenses.

INTERIOR CLEANLINESS

Upholstery fabrics in automobiles would be kept cleaner, officials of National Automobile Club's service department believe, if it were more generally realized by motor car owners that it is dirt, not normal wear, that reduces seat cushion life.

The upholstery that is kept clean is capable of lasting the no

SAN FRANCISCO'S JUVENILE AID DRIVE IS BEING MOBILIZED

Youth Building Plan Gets Support From Law Bodies

Mobilization of San Francisco's $3,570,000 Building for Youth appeal won strong support today from law enforcement officials.

Hailing the campaign to overhaul the city's youth-building organization as an investment in better citizenship, Judge Theresa Meikle of the Superior Court said:

"This city confronts the important fact that young men and women not old enough to vote are old enough to break the law. It costs approximately $10,000 to apprehend, prosecute and correct an average criminal. It costs a lot less to keep him from getting that way."

District Attorney Edmund G. Brown, a former member of a boys' club, added his enthusiastic support.

"Other progressive cities are making adequate provisions for their young people, and in this appeal San Francsico will be taking her place among them," Brown said. "I urge everyone to support this drive and to answer now the current plea for volunteers."

George Ososke, chief probation officer, said:

"As one who is deeply concerned with the problems of young people, and after carefully studying the results to be achieved by this carefully planned appeal, I feel that it must succeed if we are to discharge our debt to our young people.

"Our young people want to become good citizens and this united effort is certainly a concrete example of how we can help them," he added.

Robert Di Giorgio, general campaign chairman, called yesterday for more volunteers. Business and industrial firms through their representatives on the Building for Youth's directorate and committees, are pledging support.

Manhattan Special Salad

By Frances Lee Barton

HERE'S a novel, healthful salad that is a "special" indeed. Just the thing to serve at the Bridge luncheon or when there's company for dinner. Apples, celery, cheese and other nutritious foods combine to make this a real treat.

Manhattan Special Salad

1 package lemon-flavored gelatin; 2 cups hot water; 2 teaspoons vinegar; ½ teaspoon salt; ¾ cup diced red apples; ½ cup diced celery, salted; ¼ cup broken walnut meats; 12 cream cheese balls.

Dissolve gelatin in hot water. Add vinegar and ¼ teaspoon salt. Chill until slightly thickened. Combine apples, celery, nuts and ¼ teaspoon salt; fold at once into slightly thickened gelatin. Turn into individual molds. Chill until firm. Unmold on crisp lettuce; garnish with water cress and cheese balls. Serve with mayonnaise. Makes 6 servings.

Retires After 47 Years Service With Pac. Tel. & Tel. Co.

Completing a 47- year telephone career which has led from leisurely "horse and buggy days" of telephone operating in 1901 to present high-speed communication methods, Miss Ida C. Tierney, of San Francisco, will retire February 29 as assistant vice president of The Pacific Telephone and Telegraph Company. She was honored at a reception given in San Francisco at the Palace Hotel by The Reception Committee of Telephone Women, and attended by thousands of fellow workers in the telephone industry.

Miss Tierney, prominent in all activities relating to women's welfare, health and social activities in the telephone organization, was the first woman to be appointed assistant vice president of the company, a position she has held since 1942.

With the exception of a few months spent in the Los Angeles exchange in 1910, Miss Tierney has been located in San Francisco. She came here as a young girl from her home town of Amador City, and found the choice of employment opportunity divided between teaching and telephone work. Miss Tierney chose the latter, and started out as a local operator in the old 216 Bush street telephone office, which occupied the historic former quarters of the Mercantile Library. Her aptitude for telephone work was soon demonstrated, and within eight months, she had been promoted to the position of supervisor.

Appointed assistant chief operator early in 1906, Miss Tierney was one of the indomitable telephone women who handled the emergency switchboards installed after the great fire. By the latter part of 1907, She had become chief operator in Kearny central office.

Beginning in 1910, Miss Tierney branched out into wider fields of telephone work in jobs which included that of principal of the operators' training school; employee adviser, and educational supervisor. In 1930, She was appointed supervisor of health course activities. In 1942 she was named assistant vice president of the staff of the personnel vice president and in that capacity has ably represented women's interests in the company.

Miss Tierney is also prominent in the Soroptomists and the Women's City Club.

Saving Soap

To save soap at the wash bench, lay soap on a big, stiff-bristled scrub brush, turned bristles-side up.

Good Combing

Give your hair a thorough brushing by getting the brush under it and lifting it. A clean brush does a clean job, so always wash it after using. Do this by holding it directly under the warm water faucet, then create a strong spray against the brush by pressing a finger to part of the mouth of the faucet if possible, dry brush in sunlight.

Greek Hero

When Loues, a Greek peasant, won the marathon race in Athens at the first modern Olympic games in 1896, his reception was so great that women threw their jewelry at his feet. A hotel proprietor gave him an order for 365 free meals and even a street urchin pressed forward with a promise to black his boots for nothing for the rest of his life.

Dog Days Named for Star

The period of summer known as dog days was named by the ancients as pertaining to the rising in the sky of the Dog Star, Sirius.

Seeds Eroded Soils

Switchgrass is a tall, native, mild, sod-forming grass with a wide adaptation range. Extremely useful for seeding eroded soils, it makes excellent growth of cover on infertile subsoil areas. It is good in waterways.

Columbus Noted Rubber

Rubber was not used commercially in Europe until three centuries after it was noted by Columbus during his second visit to South America. Even then it was not marketed for its elastic properties, but to rub out pencil marks, hence its name.

Don't Crowd Beets

At the first thinning of beets, they may be left about 1½ inches apart, then alternate plants may be removed for greens before they crowd each other in the rows. Best growing space is about 3 inches apart. They should be harvested when they are about 2 inches in diameter.

Better Buttonholes

If buttonholes are slightly raveled fasten off thread to stop raveling and rework with buttonhole or blanket stitch. If badly raveled, machine stitch around hole close to edge, then rework. Renewed buttonholes may call for bigger buttons. Some of the new coats have large decorative buttons.

Pork Spoilage

Cold pork will rarely spoil, but mild fall days which raise the air temperatures above 40 degrees speed up the growth of spoilage germs that are on and in pork. Warm pork spoils as rapidly and for the same reason as warm milk.

Fried Mush Cakes

Next time you make mush for frying, pour it into rinsed cupcake or muffin pans, filling about one-third full. The little round cakes are easy to handle in frying, look nice on a platter with eggs and are a nice variation.

Better Paint Jobs

Not so long ago all automo were painted by hand and bi The custom job had 24 to 30 coa paint and varnish, laboriously applied, rubbed and polished. cars today get and need only or two coats of enamel or lac which is sprayed on and dried fraction of the time and at a tion of the cost.

Soiled Upholstery

Cornmeal can sometimes be to remove a grease spot on u stery if it is not too deeply in ded in the fabric. Put the corn on the soiled spot, brush it well the fabric and remove with a uum cleaner. Repeat this pro until the spot disappears.

Water-Repellent Hats

American-made synthetic st hats as well as handbags tre with a water-repellent so that showers will be shed and fi smudges can easily be sponge has been developed.

LET US GIVE YOU THE NEW LOOK

We can remake your present skirts and dresses and you, too, can have that new look.

- Expert Alteration Service.
- Try our excellent 3-day French laundry service. Bring your laundry today. Pick up beautifully laundered bundles in three days.
- Special care given to new types of fabrics.

All work done in our ultra modern Mission Street plant.

CROCKER CLEANERS

"Where cleaning is an art"

5215 MISSION ST. JUniper 7-3738

DAY-LONG SHEER

Photo courtesy New York Dress Institute

Basic dress of sheer navy crepe styled for a woman's figure. Collar is edged with lace-trimmed organdy.

The recent remark of a well-dressed woman that even though she had never been clothes-mad, she had always found it worthwhile to look her best expresses the fashion philosophy of most mature women. This Spring, more so than in seasons, it is entirely possible regardless of what you can spend, or what your size problem happens to be. Styles which "fit to begin with," whether you take regular women's sizes, "extra" sizes, or "half size," for the short and stout, are big news in New York designer collections . . . and all at-a-price.

The sheer crepe coat-dress pictured today, as purposeful as it is inexpensive, is an example of the new, real values for the average woman's purse. It has the three-quarter length sleeves, the look of easy fullness, and the distinction which the mature person likes in her clothes, and it is a dress she can wear throughout the day, and with many different accessories.

Small-printed sheers, one-piece polka dot shirtwaist dresses, and simply-designed pastel crepes are other excellent fashions shown this Spring in a variety of women's sizes.

10,000 PEOPLE

Helped fill your Prescription

WHEN you bring a prescription to us to be filled, our pharmacists draw upon the best of the world's resources for the health-giving ingredients which are skillfully compounded into your medicine. Perhaps ten thousand people have helped to gather, process and purify the drugs that come from all over the globe to be combined by our pharmacists to exactly fit your needs.

DDT Not Dangerous

Hesitancy to use DDT because of its hazard to health is, in most instances, unjustified. When used according to recommendations, DDT insecticides are not dangerous—except to the insects. They are actually less dangerous than such common insecticides as lead arsenate, paris green, sodium fluoride or nicotine. One should always, of course, handle insecticides of any kind with care.

More Large Farms

There were more large farms in 1945 than in 1940; about 9,000 more with 1,000 or more acres.

Stuffed Onions

By BETTY BARCLAY

Mother Earth has borne a beautiful supply of onions this past season and millions of kitchens for months to come will greet home-coming Dads and children with tantalizing odors that whet the appetite.

Laugh at the humble onion if you wish, but don't overlook the fact that it's a food for epicures. Bolstered with healthful carbohydrates and proteins as it is in the following recipe, it's bound to be a popular side-dish at any table.

Stuffed Onions

6 large onions.
½ cup (¼ pound) sausage meat.
½ cup Grape-Nuts.
½ teaspoon salt.
⅛ teaspoon pepper.
1 tablespoon melted fat.
1 tablespoon ketchup.

Peel onions; cook 15 minutes in large amount of boiling salted water. Drain, cool, and remove centers from stem end, making little cups. Chop centers and combine with sausage, Grape-Nuts, salt, pepper, fat, and ketchup. Fill onions with mixture and place in greased baking dish. Bake in moderate oven (375° F.) 45 minutes, or until onions are tender. Makes 6 servings.

Note: If desired, place ½ slice of bacon on top of each onion before baking.

Veterans Warned

Must Name Beneficiaries For Life Insurance

Floyd D. Granger, Veterans Service Officer, warned veterans who have not named beneficiaries for their National Service Life Insurance that under revised laws governing the GI insurance it is vital for them to do so.

At the time most servicemen's policies were written, Granger explained, the law provided for automatic payment of the insurance to the insured's closest relatives in case of his death. With this system in effect, many servicemen did not bother to designate beneficiaries by name.

Now, however, under a revision to the insurance act adopted in 1946, unless the insured veteran is survived by a specifically named beneficiary the proceeds of the insurance will be paid in a single sum to the insured's estate in the event of his death.

As part of an estate, insurance loses its identity and is subject to all the laws governing estates, including claims of creditors, administrators' fees and court costs. More important, in many cases, proceeds of the insurance will not be paid in the manner in which the veteran would have desired.

For similar reasons, it has become very important to name a contingent beneficiary if the insured has selected an installment option for payment of the insurance benefits in case of his death, or if he has not made any selection of an optional settlement. In the event of the death of the primary beneficiary, the remaining value of the guaranteed installments will be paid in a lump sum to the insured's estate if no contingent beneficiary has been named.

For full information regarding National Service Life Insurance matters, and assistance in designating beneficiaries, selecting settlement options, converting or reinstating policies, Granger urged veterans to call at the Veterans Service Office, located in the Courthouse at Redwood City.

All facilities of the office are made available to veterans and their dependents entirely without charge.

Removing Fat

Often soup stock or gravy is too greasy and there is not time to cool it so the congealed fat can rise to the top. Wrap a couple of ice cubes in a small piece of cheesecloth and run over the top of the soup or gravy. The excess fat will collect on the cold surface of the cloth and thus can be removed easily.

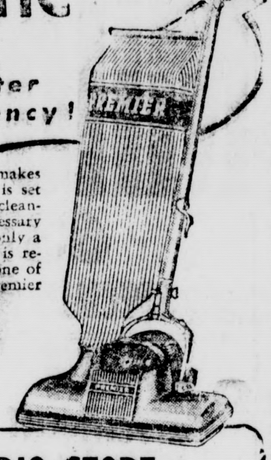

Swiss Chard

Swiss chard should be harvested when the leaves are 10 inches tall. They lose quality when allowed to grow taller. When a plant becomes overgrown cut all leaves off at the base and new ones will soon develop.

Flower Transplants

Flowers which do not like to be transplanted include annual poppies, salpiglossis, mignonette, annual phlox. If necessary to transplant them the seedlings should be grown in small pots so they can be moved without disturbing their roots.

Only PREMIER has the DUO-MATIC NOZZLE ... For Greater Cleaning Efficiency!

The exclusive new Duo-Matic Nozzle makes certain that this new Premier cleaner is set just right at all times for most efficient cleaning. No adjustment of any kind is necessary except for extra-thick rugs—and then only a slight turn of the Duo-Matic Adjuster is required. The Duo-Matic Nozzle is just one of the many superior features of this Premier Model 21. See it today!

3-Hour Closing On Good Friday

Officers, directors and delegates of the Reverent Observance of Good Friday movement will participate in Memorial Mass for deceased members at 8 a. m. March 12 in St. Joseph's Church. The Rt. Rev. Monsignor Richard Collins, chaplain of the Good Friday movement, will officiate.

Throughout the San Francisco archdiocese, business places and institutions will cooperate with the movement by closing during the three sacred hours on Good Friday, March 26. The stores will close from noon 'til 3 p. m. "Closing" cards may be obtained by calling Miss Jessie D. Inglis, John P. Denchy or Miss Alma Ravazzanno, at the movement headquarters, 50 Oak street.

All creeds and races will join in observances of Good Friday, according to Stanislaus A. Riley, movement founder. George R. Reilly, state board of equalization member, has assured officials that taverns have been requested to close for the three-hour period. Theaters also have been asked to close.

Chemical Study

An infra-red spectrograph has been developed to determine both the chemical structure and the amount of chemical in an unknown material. The instrument, operating on the principle of infra-red ray absorption, cannot be used for metals but is utilized for gases liquids and many solids, including plastics.

Better Apples

Pruning of apple trees does not increase the total yield but it does increase the amount of marketable fruit. Well pruned trees can be sprayed more effectively than can thick trees.

Deadly Salt

Barium carbonate in precipitated form is an odorless and tasteless salt, very slow in its killing action. It is deadly poison to all animals.

Butter Nutritive

As far as nutritive value is concerned, butter affords fats and vitamin A.

Rimski-Korsakov a Sailor

Rimski-Korsakov, the composer, was a sailor on a Russian vessel that docked at New York in 1864.

Cuts Flawlessly

An electric saw will cut a groove in plaster without chipping it; developed for use in installing heating and control equipment.

Airing Pillows

When airing pillows, do not leave them in the sun too long, for heat dries the natural oil and shortens the life of the feathers.

Shorten Hauls

The average haul of freight in July, 1946, was 420 miles compared with 473 miles in 1944.

Elks To Initiate New Members At Friday Meeting

Eighty-one candidates will be initiated into San Francisco lodge, B.P.O.E., in the monthly class ritual, this Friday evening, March 5, at the Elks Club. Past exalted rulers, headed by Joseph M. Kidd, will be in charge of the initiatory exercises. An informal stag dinner party will precede, and elaborate buffet supper will follow the fraternal ceremonies. Exalted Ruler George Baader will preside at the lodge session.

One thousand San Francisco Elks will take part in the traditional annual St. Patrick's Day stag dinner-show of San Francisco lodge, Wednesday, March 17, at 6:30 p. m., at the Elks' Club, 456 Post street. John F. Henning, executive director of the St. Mary's College alumni association, and secretary of the Irish Historical and Literary Society, will deliver the address of the evening.

John J. Greely, arrangements chairman, has announced an outstanding St. Patrick's Day show will be staged under the direction of James Collopy, committee secretary. Tickets are $2.50 each, available in advance from Elks of Irish birth or extraction, comprising the St. Patrick's Day committee in the lodge.

San Francisco Elks will join with other bay district lodges in a stag fraternal pilgrimage to Eureka lodge, March 19, 20 and 21.

HIT AND RUN

He who hits and runs away will have good cause to rue the day.

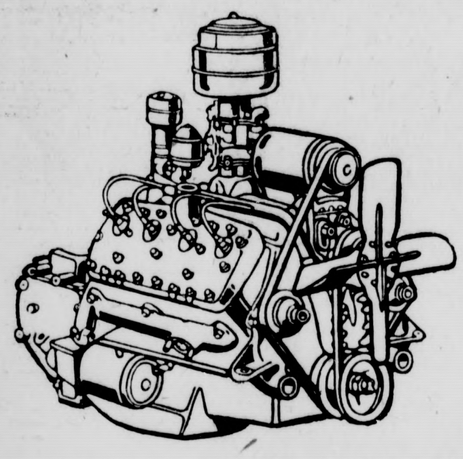

ONE WAY STREET

The driver who is oblivious to traffic signs and signals is heading straight for oblivion, says the California State Automobile Association.

Opens Letters

An electrical device can open and stack as many as 700 letters a minute.
